Wadsworth Control Systems

Wadsworth's new Versatile Vent allows you to operate vents incrementally. The system works with any environmental control: STEP 50A, STEP 500, EnviroSTEP, VersiSTEP or microSTEP. If you don't have an environmental control, the Versatile Vent Complete Package is available. System features include an internal limit switch, hot and cold alarm notifications and bright LED display showing current temperature and vent position. Contact Wadsworth Control Systems, Arvada, Colorado; Tel: (800) 821-5829; www.wadsworth-controls.com.
